

Life-saving blood, sourced humanely.

## Join the Plasvacc Donor Family

Like humans, our canine family members can face a plethora of situations such as illness, injury or surgery where blood transfusions can mean the difference between life and death.

Just as humans rely on the kindness and goodwill of others to maintain a blood supply responsible for saving countless lives every single day, without lifesaving canine blood donors, all too many dogs would never get the chance at a successful outcome.

We're proud of each and every dog that joins the Plasvacc donor program, with every donation helping to save the life of a fellow furry friend in need.

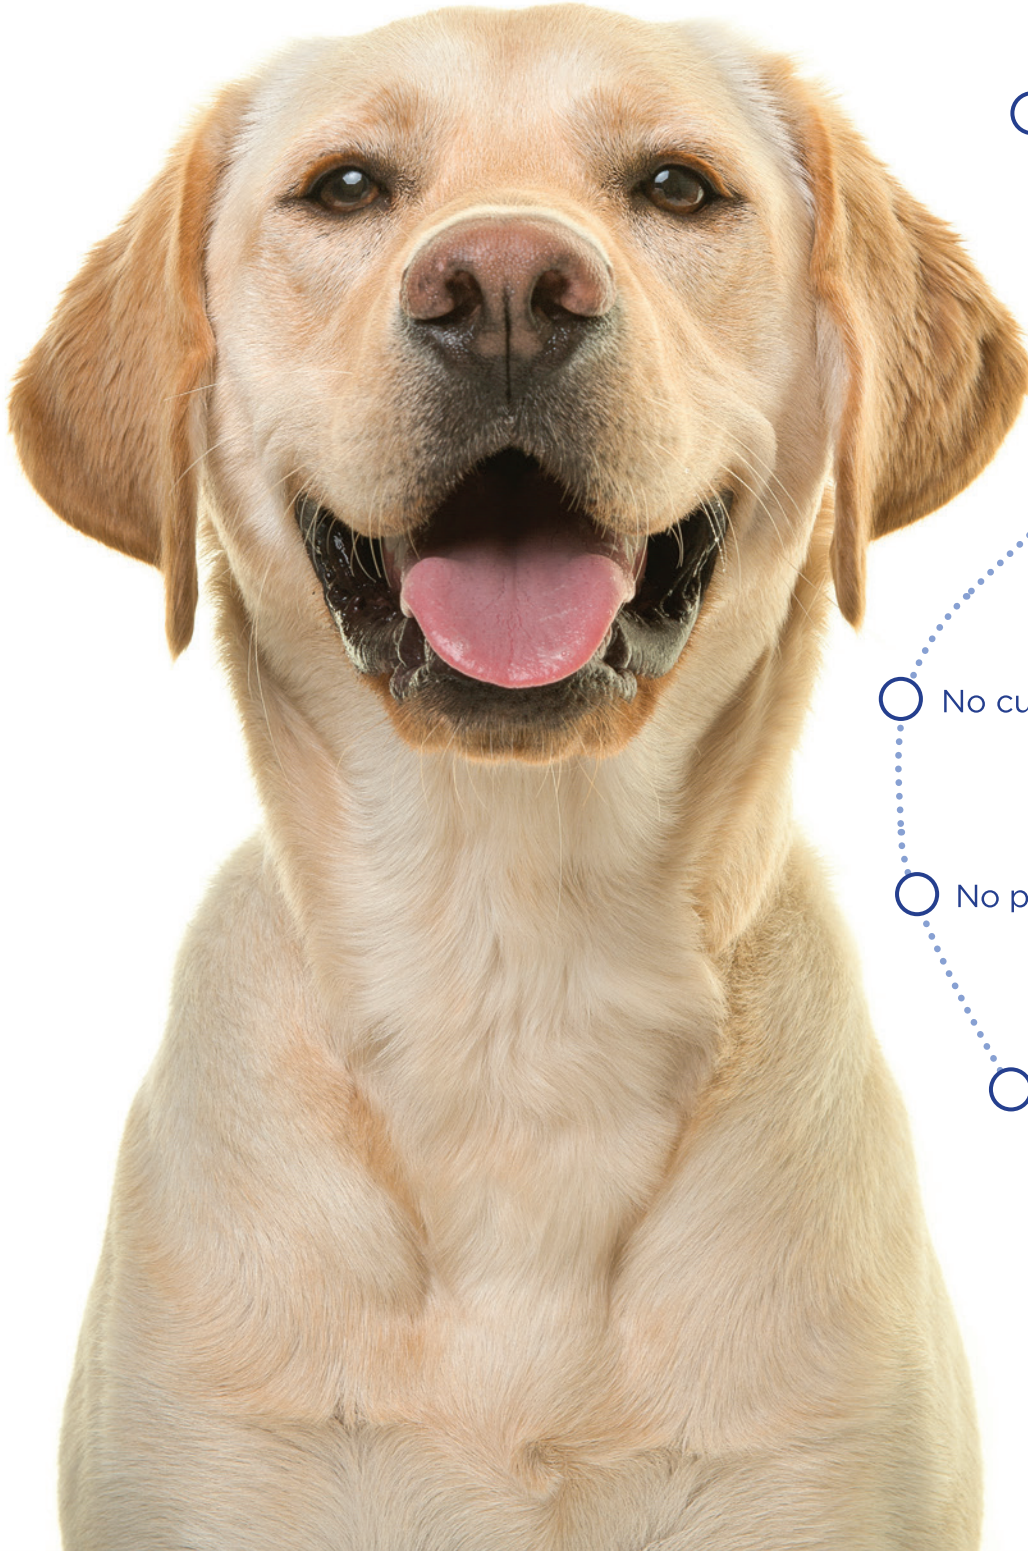

### DONOR BENEFITS

- **Annual wellness exam** with full blood panel covered at no cost to ensure your pet is healthy and ready to donate.
- **Annual disease screenings** to screen for Brucella, heartworms, as well as tick-borne diseases.
- **Complimentary gifts** including a gift card, dog bandana, "I save lives" dog tag and social media recognition
- **Knowing that your donation has saved the life of someone's beloved family member.**

## DONOR REQUIREMENTS

Joining our team is simple. If you can check off all of the requirements below, your pet is likely eligible to donate. Give us a call at **1-805-434-0321** to schedule a blood panel and disease prescreening, paid for by Plasvacc Veterinary Blood Bank.

### MY DOG IS...

- Healthy and friendly
- 1-8 years old
- Weighs 50lbs+
- No current medications\*
- No prior blood transfusions
- Current on vaccinations

\*Some medications may exclude your dog from the blood donor program. If accepted, donors are asked to visit our collection facility every 4-6 weeks.
